**VITEWALL Customer Disclosures:**

- ViteWall's White (front) and Foil (rear) Radiant Barriers have been Emissivity Tested by Radiant Guard of Texas to reduce an average of 35% heat or cold.
- ViteWall has been ASTM E1886 Large Missile 2 x 4' Tested to repel impacts with no penetration.
- The ASTM E1886 Large Missile 2 x 4' and Radiant Barrier Test Reports and the 2024 Warranty will be in the box of Installation Parts shipped to me.
- A 4 x 8' ViteWall panel weighs 12 lbs, in contrast to standard drywall 4 x 8' weighing 44 lbs.
- ViteWall's Foil Radiant Barrier is flame retardant and a 30 second flame does not penetrate the material. Please see YouTube test video.
- We accept Visa, Amex & Mastercard and **do not** charge a credit card processing fee.
- All sales are final. Customer should text ViteWall Owner John D. Smith at 407-719-6988--cell for questions on Installation or wholesale purchases.
